

"From Flab to ABS via More defined HD by VASER Hi-def"

"Using the latest advanced body sculpturing HD".

Naravee is the first in Thailand to found the right tools, techniques and skill to remove fat in all the right places. By using ultra sound waves to sculpture the body so that the contours are highly defined, dynamic and magnificently manly and feminine. It can be done on all body areas and can change your life with your new found confidence and shape.

The surgeon is trained to the highest certification and highly experienced in the VASER Lipo system. Get the right Abs and get defined with Naravee!
